

STRANGERS NO LONGER

INTERFAITH PILGRIMAGE FOR A WELCOMING MICHIGAN

BUILDING BELONGING. TAKING ACTION.

Forced family separation. Unprotected schools, hospitals, and churches. No driver's licenses. Cruelty in immigrant detention centers.

These are not abstract policy debates—they are **human rights crises** affecting our neighbors, families, and communities. **As people of faith, we are morally outraged by the cruelty we're witnessing.**

Let's come together in peace and solidarity to urge for a state where everyone can live safely and be treated with dignity.

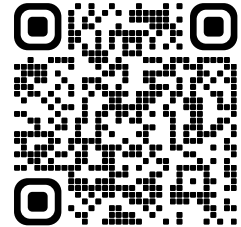

JOIN US TO:

- **Meet Michigan's new Governor, Secretary of State, and Attorney General**
- **Urge state leaders to support our Policy Platform for a Welcoming Michigan**
- **Bring your congregation, family, or community group**
- **Connect with faith-based community members**
- **Support families and communities affected by immigration policies**
